Fall, 2012

Blue Cross Blue Shield Of Illinois Offers A 24/7 Around-The-Clock Nurseline! *Toll-Free Support!*

Could your child's fever or sore throat turn into something more serious? Is your 1 a.m. asthma attack cause for a trip to the ER? The 24/7 Nurseline can help you figure out if you should call your doctor, go to an immediate care facility, go to the emergency room, or treat the problem yourself.

Health concerns don't always follow a 9-to-5 schedule. Fortunately, registered nurses are on call at (800) 299-0274 to answer your health questions, wherever you may be, 24 hours a day, seven days a week. The 24/7 Nurseline's registered nurses can understand your health concerns and give general health tips. Get trusted guidance on possible emergency care, urgent care, family care and more.

When should you call?

The toll-free Nurseline can help you or a covered family member get answers to health problem questions, such as:

- Asthma, back pain or chronic health issues
- Dizziness or severe headaches
- High fever
- A baby's nonstop crying
- Cuts or burns
- Sore throat

Plus, when you call, you can access an audio library of more than 1,000 health topics, from allergies to women's health, with more than 600 topics available in Spanish.

Formulary Drug Removals - An Important Update.

Effective January 1, 2013, certain medications will be removed from the Caremark formulary drug list. Expenses for prescription drugs that are not on the Caremark formulary drug list are not covered under the Plan. If you continue using one of the those drugs identified as a Formulary Drug Removal after January 1, 2013, you may be required to pay the full cost of the drug.

If you are currently using one of these drugs, ask your doctor to choose one of the generic or brand formulary consideration options reflected on the Formulary Drug Removal list.

The Caremark Formulary Drug Removal 2013 list can be found at www.fvlab.com under Benefit Updates; or, you can call the Fund Office to request a copy of the list.
