#### FOX VALLEY AND VICINITY LABORERS PENSION FUND

The Pension Protection Act of 2006 requires every multiemployer retirement plan to provide a summary of certain information from Form 5500 to sponsoring unions and contributing employers. These reports, generally referred to as Section 104(d) Reports, are due 30 days after the due date (including extensions) of the Form 5500. Therefore, in compliance with the Pension Protection Act, we are providing this Notice

This is a summary of the Form 5500, Schedule R, Retirement Plan information for the Fox Valley and Vicinity Laborers Pension Fund, (EIN 36-6147409) for the year ended May 31, 2019 (2018 plan year). The Form 5500 has been filed with the Internal Revenue Service, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 1, 2018, the union agreement stipulates that employers who employ members of the Local Unions 582 and 1035 are required to contribute to the plan an amount equal to \$13.70 per hour worked by the employee. Only the first \$8.48 per hour of contributions is considered for benefit accruals.

Active participants who are age 65 with 5 or more years of service or age 60 with 10 or more years of service are entitled to monthly pension benefits equal to \$50 per year of past service, up to a maximum of 15 years, plus 6.7% of total employer contributions made between June 1, 1965 and May 31, 1984, plus 5% of total employer contributions made between June 1, 1984 and May 31, 2005, plus 3% of total employer contributions made between June 1, 2005 and May 31, 2010, plus 1.5% of total employer contributions made on or after June 1, 2010.

The Plan permits early retirement at ages 50-59; however, the amounts received are reduced by 4% for each year under the age of 60. Active Participants with at least 30 years of service are entitled to an unreduced pension regardless of age. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. An employee who fails to be credited with at least 100 hours of service during a plan year will incur a break-in-service (500 hours if the employee first participated in the Plan on or after June 1, 2004). Applicable definitions are as follows:

1. Years of Service - The number of years for which a participant receives credit on the records of the Fund.
2. Past Service - A participant's years of service prior to June 1, 1965.
3. Future Service - A participant's years of service subsequent to June 1, 1965.

In addition, the Plan provides a Supplemental Lump Sum Retirement Benefit. This benefit is available to active participants who retire on or after June 1, 1999 with at least 20 years of cumulative service. The lump sum benefit will be calculated at the rate of \$1,000 for each year of service with the Plan.

There were 198 employers obligated to contribute to the plan for the 2018 plan year. The employers who contributed more than five percent of the total contributions to the plan during the 2018 plan year were:

<u>Employer</u>	<u>Total Contribution</u>	<u>CBA Expiration Date</u>	<u>Contribution Rate In Effect On June 1, 2018</u>
Northern Pipeline Construction	\$2,002,105	5/31/2021	13.70/hr
Plote Construction Inc.	\$1,779,176	5/31/2021	13.70/hr

There were no participants in each of the 2018, 2017 and 2016 plan years for whom no contributions were made by an employer.

During the 2017 plan year, no employer withdrew from the plan and was assessed a withdrawal liability. The plan did not receive a transfer of assets and liabilities during the 2018 plan year.

As of June 1, 2018, the Plan was certified by the Plan's actuary that it was in neither endangered status nor in critical status under the Pension Protection Act of 2006.

The Plan did not seek an amortization extension from the Internal Revenue Service in accordance with Internal Revenue Code Section 431(d) and did not use the shortfall funding method for the year.
